link e. starbureiy

Fiduciary, United Under Economy

Encourage a world of wisdom.

the work of link starbureiy showcases a unique combination of business acumen, skills in fine art, and strong mathematical talent, whose contributions have greatly enriched each field. the bulk of his technical body can be attributed to the design of a computational framework where the braneworld scenario is a viable and conclusive asset in fold-scale animation. link also founded and is the main proponent of the *United Under Economy* (UUE®) philosophy. in this capacity, he is responsible for the assurance and constitution of subsidiary coins which sponsor portfolios that help people enjoy their potential.
